WORK EXPERIENCE

Web developer
Comp Júnior [09/05/2020 – 10/12/2021]

City: Lavras-MG
Country: Brazil

I worked as a Web Developer using Vue.js framework to develop front-end of websites and web systems. During the development, i was allocated to a development squad (group) which is also formed by UI/UX Designers, PO and other developers, using techniques and technologies such as Scrum, Kanban and Git/Gitlab.

Currently, in addition to developing in Vue.js, I'm also developed a mobile applications using React Native.
Some of the projects that I developed:

web developer
iCount Plus [16/05/2021 – 17/12/2021]

City: São José do Rio Preto-SP
Country: Brazil

I was responsible for the development of an online accounting system. In this project I developed the Front-end using the React.js framework and I developed the Back-end in Django REST framework. Even on a small development team, we used Scrum, Kanban and Git/Github.
